**B and J Crane**

## RULES OF PLAY – SPECIAL EVENTS

---

### Foursomes

One (1) player tees off and their playing partner then plays the next shot. Players then play alternate shots until holing out. On the next hole, the opposite player tees off, and players play alternate shots until holing out. Tee shots are alternated for the whole game. If either player incurs a penalty stroke, it does not alter the rotation of play

---

### Canadian Foursomes

Both players tee off and select the favoured ball. Players then play alternate shots until holing out

---

### Yankee Foursomes

Both players tee off and then play each other's ball once. The favoured ball is then selected, and players play alternate shots until holing out

---

### Ambrose Competitions

**Ambrose 2-person stroke** - Minimum of 6 drives for each player

**Ambrose 3-person stroke** - Minimum of 4 drives per player

**Ambrose 4-person stroke** - Minimum of 3 drives per player

- **Ball on the Fairways** - All players may place their ball within one club length of the chosen ball, no nearer the hole
- **Ball in the Rough** - The player whose ball is chosen must play the ball as it lies. Remaining players may place their ball within one club length, no nearer the hole, and must remain in the rough
- **Ball on the Green** - Players place their ball within one hand span of the chosen ball, no nearer the hole. Players may putt in any order
- **Number of Drives** - The number of drives of each person in the team must be recorded on the card
- **Signing the Card** - A minimum of two signatures are required on each card
- **Golf Clubs** - Partners may share clubs, providing the total number shared is not more than fourteen

### Ambrose 3-Person Stableford

- Players play off their current GA Handicap
  - The team must use four drives from each player over the 18-hole competition
  - Whichever players ball is selected, the team shall play from **that person's handicap for that hole only**
  - The players tee shot selected, may lift, clean, and place their ball within one club length of where the ball came to rest
  - The stableford score is determined by the number of strokes taken, compared to the handicap index of the player whose drive was selected for each hole
- 

### 4BBB Aggregate Stableford

- Two players form a team. Each player plays an individual Stableford round using their individual full handicap
  - Each player records their points per hole on the card, as well as the combined aggregate score for each hole
  - **NOTE:** the stroke scores of each player must also be recorded on the card. 4BBB Aggregate can also be played as a 3 Ball or as a team of 4)
- 

### 4BBB Stableford Multiplier

- Stableford Multiplier is played the same as the 4BBB Aggregate EXCEPT at the end of each hole, the team score is **multiplied** instead of added together
- For Example – Player A scores 2 points and Player B scores 3 points i.e.,  $2 \times 3 = 6$   
Player B scores 4 points and Player B scores 0 points i.e.,  $4 \times 0 = 4$
- **NOTE:** the stroke scores of each player must also be recorded on the card

### **Par or Stableford Bisque**

- Players play off a **scratch** handicap but can choose which holes they want to use their current GA Handicap on
- Example – Player on a Handicap of 18 may elect to use those 18 shots anywhere on the course:  
*A Birdie is a Plus (+) or 3 points in Stableford*  
*A Par is a Half (0) or 2 points in Stableford*  
*A Bogie is a Minus (-) or 1 point in Stableford*
- Strokes taken must be decided upon when marking the card hole by hole, and not at the conclusion of the round
- Any shots remaining at the completion of the round **CANNOT** be used

### **How to Mark your card in Par or Stableford Bisque**

**1<sup>st</sup> column: record strokes taken**

**2<sup>nd</sup> column: record shots used from handicap**

**3<sup>rd</sup> column: record the result (+ / 0 / - or points scored)**

---

### **Stableford 3-Person Split Sixes**

- 3 players form a team, and each player plays and scores an individual stableford round
- Players designate a TEAM Captain, who carries an additional card to record the team scores. The Captain writes each players initials on the team card and records stableford total in the result column
- **First 6 holes (1-6)** - The Captain records the highest stableford score out of the group
- **Middle 6 holes (7-12)** - The Captain records the two highest stableford scores
- **Final 6 holes (13-18)** - The Captain records all three stableford scores of the group
- **NOTE:** the stroke scores of each player must also be recorded on the card
- If all players have the same score on a hole, the player(s) who holed out first shall have their scores recorded on the card
- Two players from the group must sign the card

## Mulligans

Players may **replay one shot per hole** without penalty but must nominate immediately after their shot if they want to replay the shot again. If a **Mulligan** is not used, it cannot be kept for later use on another hole

---

*The Events Program may be subject  
to alteration from time to time.*

*The Match Committee in control of the Event on the day,  
has full discretion in amending the Competition.*

---
